

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. EXPLANATIONS.

THE following Catalogue has been prepared for the convenience of the Librarian and Students of the University. As the time which could be devoted to its preparation would not admit of a detailed account of the subjects, edition and other particulars of each work, which are necessary to a full and complete Catalogue, nothing farther has been attempted than an enumeration of the titles, briefly stated as might be—and alphabetically arranged, generally with reference to the subjects.

The capitals denote the case, the small letters the shelf, and the numbers, the position on the shelf.

The library has been enriched by many valuable donations, only a few of which can be here noticed.—The most valuable was made by Thomas Chapman, Esq. of Camden, N. J. and is called, as a token of respect to the Donor, the Chapman Library of the Wesleyan University.—This portion of the Library, in number about 2000 vols. consists of all the books in cases D, E, & F, except such as are marked with a †. There are among them 177 folios, and 121 quartos. Of these 1655 vols. were fixed at a low price—one half of the amount was presented by Mr Chapman, and the other half paid by the Trustees. The remainder of the 2000 volumes was given with no reserve but the privilege of adding to the number. Among the latter, is a splendid copy of the Antwerp Polyglot, in 8 folio volumes. That part of the Catalogue distinguished by a \$, numbering 375 volumes, was the Library of the late John Summerfield, and presented to the University by his brother-in-law, James Blackstock, Esq. of N. Y. Those distinguished by a *, are books presented by the British Conference, valued at 100%. Other valuable presents have been made by Authors and other individuals, of which more specific notice cannot be taken in this place.

REGULATIONS

FOR THE

LIBRARY.

1. THE Library will be opened every Monday and Friday morning at half past eight o'clock.

2. No Student is allowed to have out more than two volumes at one time.

3. Each volume must be returned in two weeks, under a penalty of 12½ cents for every week's detention—and all damages done to Books will also be assessed at the discretion of the Librarian. These fines must be paid at the time of assessment, or the delinquent will be debarred the privileges of the Library.

4. Any Student keeping out a book six weeks, without returning it, will be charged with the volume, or the set, as the case may require, at a price for which, in the judgment of the Librarian and President, the work may be replaced.

5. No unregistered Book, no Folios or Quartos, and no translation of a Classical Text Book, can be taken from the Library without special permission.

6. Students are not permitted to carry a book from the University premises, except in those cases where they lodge out—and then only to their own lodgings.

7. At the regular hours of opening the Library, those wishing to take Books will not be permitted to enter the room within the counter; but will hand to the Librarian, a strip of paper containing his own name, together with the *number* and *letters* of the Work wanted; and the Book will be handed him at the counter.

8. No Officer is permitted to take out a Book, unless it is charged to him.

9. Any responsible person belonging to the Town, can have the same privilege of the Library with the Students, by paying ten dollars per annum, in advance.

10. Each Wednesday afternoon in Term time, from two until five o'clock, the Library, as well as the other Public Rooms of the University, will be open to the public.

N. B.—As it is a tax upon the Officers, for persons to call at any and all times, to visit the Public Rooms, it is hereby respectfully requested of our citizens, especially, that they would call for that purpose, as far as possible, only on Wednesday, as above.
